RE: Humor in the Workplace Presentations

Dear Judy:

On behalf of PECO Energy Company, I would like to thank you for the great job you did providing your one hour presentation on Humor in the Workplace at three of our corporate locations on November 3, 2009. Your approach in addressing our request for a presentation that would help our employees understand and use appropriate humor in our workplace was at all times productive, congenial, and professional. As lead of the committee responsible for this program, it was my pleasure to work with you.

As a testament to the success of your efforts, over 63% of the 365 employees that attended the event responded to our follow-up survey. The survey reflected positive feedback on all fronts. In particular, over 93% of the respondents rated you "Very Good" and "Excellent" when asked about your ability to convey and relate relevant information.

Our services in delivering gas and electricity to our customers is dangerous, yet you were able to provide clear, concise and realistic examples and strategies for our workforce to include some humor into their workday without diminishing the seriousness of the jobs it needs to perform. Well done, Judy, and thank you for your efforts and performance.

Very truly yours,

Chris DiValentino
