

**SOUTHEAST CHAPTER  
OF THE  
AMERICAN ASSOCIATION OF  
AIRPORT EXECUTIVES**

---

Ms. Judy Carter:

Thank you being our keynote speaker at the 2005 Southeast Chapter of the American Association of Airport Executives Conference in Little Rock, Arkansas. It was a great choice for us to have a humorist as our speaker and the response has been extremely positive.

The mayor of Little Rock, the airport executives in attendance, our vendors and our Board of Directors fully enjoyed your presentation. Everyone loved how you customized your talk, allowing us to laugh at our stresses: Irate passengers, long security lines, lost baggage, and even terrorism. Your skit using our acronyms was absolutely hilarious and your airport administration rap song was a classic. Your message was laugh-out-loud funny, as well as inspiring us to take on our challenges with humor.

I would highly recommend you to any other airport association. Thank you again for the tremendous boost your presentation gave to our attendees.

Sincerely,

Timothy M. Doll, A.A.E.

President – Southeast Chapter of the American Association of Airport Executives
