Dear Judy,

Thank you for taking the time to perform at our 2nd annual Women's Health Week. Your program was not only outstanding but, dynamic, funny, and inspirational. No other speaker received a standing ovation. Kudos to you!

Many of the participants told me that they had not laughed so hard in a long time. One woman, who is taking care of a sick husband, especially enjoyed your presentation. She said, "I came feeling down, but left feeling so great." In addition to the wonderful humor, you inspired the audience to move toward self-acceptance and away from the need to be perfect and unsatisfied with self.

You are truly a professional of great talent with the ability to take your audience on a journey of introspection and laughter.

I thank you for sharing your talents with the women and their families in Hershey, PA. and hope you will return to the Sweetest Place on Earth. I highly recommend your presentation to other women's groups.

Sincerely,

Norma J. Leslie, Ph.D.
